

Bombshell from ArcheryGB

The latest Archery UK magazine has an article that will affect every archer in the UK.

This article is called "**Calling all Clubs**" sub-titled, things are about to change...

An understatement if we ever heard one!

Page 32 of the magazine is where you will find it. PLEASE READ AS IT WILL AFFECT US ALL!

We have effectively the winter season to self-certify our shooting grounds and indoor venues.

This includes

Westborough primary School our least compliant shooting ground

Lockmeadow Friday evening shooting

Lockmeadow Worc/Ports open shoots

The Sir Thomas Wyatt open

The Whitefriars open

Location to be determined on the last two.

We don't foresee much of a problem with the last four but the committee is still trying to evaluate the impact on our home ground at West Borough School. Re-orientation of field under consideration.
